

# Premium factory fitted CESAB batteries.

CESAB extends its energy solutions offering with low maintenance lead-acid batteries. These are factory fitted, so that your CESAB electric counterbalanced truck is ready to roll from day one.

Following the launch of CESAB's in-house Li-ion solution, we have extended our energy offering with high quality, lead-acid batteries from carefully selected battery manufacturers.

**This single source energy solution means a perfectly tuned and 100% operational forklift truck, direct from CESAB's production line.**

# Good, better, best...

## CESAB's factory fitted batteries provide:

- **Single source, more economic energy**
- **An extended 36-month full warranty**
- **An electrolyte level sensor** for constant status information
- **An autofill system** for easier maintenance
- **Low maintenance cells** for less water consumption
- **A sturdy, streamlined container** for better durability

CESAB's single source energy solutions are available on the following 24V, 48V and 80V electric counterbalanced forklifts:

<b>CESAB B200 – 24V 1.0T – 1.5T CAPACITY</b>	<b>CESAB B300 – 48V 1.5T – 2.0T CAPACITY</b>	<b>CESAB B400 – 48V 1.5T – 2.0T CAPACITY</b>	<b>CESAB B600 – 80V 2.0T – 5.0T CAPACITY</b>
24V/500 – 1000Ah*	48V/500 – 750Ah*	48V/500 – 750Ah*	80V/375 – 930Ah*
Auto-refill Low Maintenance	Auto-refill Low Maintenance	Auto-refill Low Maintenance	Auto-refill Low Maintenance
With or without lateral extraction	With or without lateral extraction	With or without lateral extraction	With or without lateral extraction

\* = available capacities depend on the truck model and the side extraction option
